MyHealthPass

Convenient access for your health needs.

Powering Change in Healthcare.

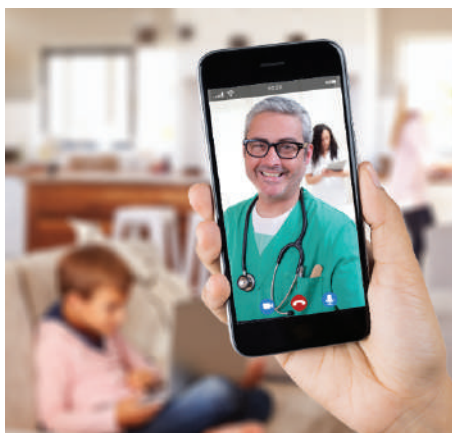

MyHealthPass

Health coverage on your terms. Benefits for your entire family. 24-7 convenience.

- Do you spend more money on fruits and vegetables than prescription medications?
- Do you spend more time running around the block instead of running to the pharmacy?
- Do you remember the last time you saw your doctor? Been a while? Good.

There's an upside to all this: being active benefits your body, your lifestyle and your wallet.

MyHealthPass was designed for the active member. We know you want to get all you can from life, family, and friends but if you need to see a doctor, rather than losing a day of work or rearranging your entire schedule, grab your phone and speak directly to a board-certified physician. Receive answers to all your questions, determine a course of action, and even get a prescription - all from your mobile phone. MyHealthPass offers telemedicine as a primary benefit but there is so much more.

HEALTH BENEFITS GAINING TRACTION THIS YEAR:

MyHealthPass

MyHealthPass delivers a variety of different benefits under one umbrella:

- Board-certified physician 24-7
- Two free lab tests (\$500 value each) such as advanced cholesterol, lipid panel, and A1c test
- Multivitamins delivered to your home
- Ornithine transcarbamylase (OTC)** testing supplies
- Physical therapy program to relieve back pain
- Reward program for members with over 300,000 premium shopping discounts and savings as a MyHealthPass Member
- Wellness/Behavioral support services

How it Works:

A working, single mom with 2 kids has a painful ear ache

She drops off the kids at school and heads to work

At the office, she contacts a physician on her mobile, and he asks her questions about the ear ache

A prescription is ordered and a followup call is scheduled

Convenience

AN EASY, COST EFFECTIVE SOLUTION

The above example is based on a scenario for MyHealthPass.

MyHealthPass:

Next Day Coverage:	As early as the next day after you apply for MyHealthPass.
Deductible:	No annual deductible.
Health Assessment:	Provides personalized results that are clinically driven, helps you identify key health risks, poor eating habits, and nutritional deficiencies.
RX Discounts:	Our professional healthcare advocates will help you find the lowest price on prescription drugs. Plus we can send text alerts reminding you to take your meds.
Blood Testing:	Two free lab tests (\$500 value each) for advanced cholesterol, lipid panel, and A1c test. **Ornithine transcarbamylase (OTC) deficiency: A rare metabolic disorder, OTC is one of the urea-cycle disorders. The urea cycle is a series of five liver enzymes that help rid the body of ammonia, a toxic breakdown product of protein. When one of these enzymes is missing or deficient, ammonia accumulates in the blood and travels to the brain, causing coma, brain damage and death.
Back Care:	Back Care. On-line physical therapy program to relieve back pain (http://telespine.com/)
Wellness/Behavioral:	Three (3) counseling appointments (http://www.supportlinc.com/)
Patient Advocacy:	Patient advocates with extensive knowledge of how medical institutions charge their patients and negotiate their rates. Let these professionals work in your favor to reduce your out-of-pocket expenses. RBP can secure you a 65% reduction in procedure rates.
Vitamins:	30-day continuous supply of multivitamins
